[1]Any reference to age is as on last birthday

[2]The plan option can be selected only at inception of the policy

[3]For all options, the figures are in months.

[4]For PoS, the Basic Sum Assured shall be in multiples of INR 50,000

[5]For Joint Life Secure and Joint Life Secure Plus, the above limits will be applicable to both lives.

3. Plan Benefits

Option 1: Life Secure Option:

Under this option, the policyholder chooses the Effective SA at the time of purchase. In case the life assured dies during the policy term, the stipulated death benefit (based on Effective Sum Assured as applicable on the date of death – defined

below) **less** any payout under Payor Accelerated Benefit will be paid out to the nominee (as per the payout plan chosen) and the policy will terminate.

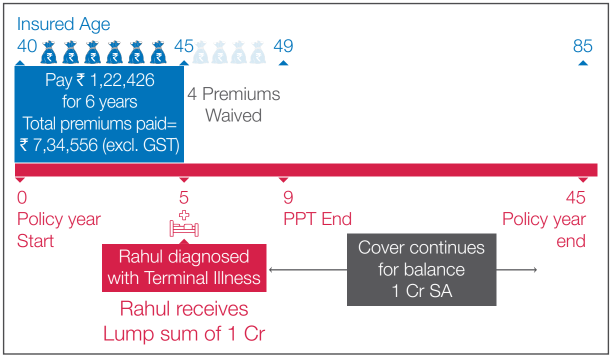
The Effective Sum Assured applicable for computation of Death Benefit would include any Cover Enhancement Option purchased by exercising either the Life Stage, Top-Up SA or the Education Secure option. Please refer to Section 8 for more details.

Life Secure Option has an inbuilt “Payor Accelerator Benefit” wherein the benefit amount equal to 50% of the Effective SA is paid out as per the Payout Plan Chosen on acceptance of Terminal Illness (TI) claim by us. Upon payment of the TI claim, all the future premiums (base benefit and cover enhancement options, if opted) shall be waived off and the policy will continue to remain inforce for the remaining applicable benefit(s).

In case the life assured survives till maturity, no additional benefit is payable, and the policy terminates.

Payor Accelerator Benefit illustration:

Mr. Rahul, a 40 year old healthy, non-smoker male purchases Tata AIA Maha Raksha Supreme Select for a policy term of 45 years and Sum Assured of ₹ 2 Cr. Rahul chooses to pay premiums for 10 years. Before paying the 7th premium instalment, he gets diagnosed with a terminal illness.



Option 2: Life Secure Plus Option:

Under this option, the death benefit will be as per Option 1 described above.

In case the life assured survives till maturity, an amount equal to the 100% of the Total Premiums Paid (excluding loading for modal premiums and discount) towards the benefit option, “Life Stage” or “Top-up SA”, if opted, shall be payable at the end of the Policy Term, provided the policy is not terminated earlier.

Option 3: Joint Life Secure Option:

Under this option, the life assured (first life) and spouse of the life assured (second life) would be covered under the same policy. The policyholder chooses the Effective SA at the time of purchase.

In case of first death of either lives assured or simultaneous death of both the life assureds’ during the policy term, the stipulated death benefit (based on Effective Sum Assured as applicable on the date of death – defined below) **less** any payout under Payor Accelerated Benefit will be paid out to the nominee (as per the payout plan chosen).

In case of simultaneous death of both the first life and second life due to an accident, an additional amount equal to the Effective SA will be paid out to the nominee as per the Payout Plan chosen.

The Effective Sum Assured applicable for the above computation of Death Benefit would include any Cover Enhancement Option purchased by exercising either the Life Stage or the Top-Up SA option.

In case of death of first life prior to the death of second life or simultaneous deaths of both the lives assured; in addition to Life Stage or Top-up SA, the Effective Sum Assured would also include the additional sum assured purchased by exercising the Education Secure option.

In case of death of second life prior to first life, the Effective Sum Assured under this option will get paid out. The cover will continue with respect to the Education Secure benefit, if applicable, and respective due premiums shall continue to remain payable.

The policy will terminate upon payment of the entire sum of death benefit.

Joint Life Secure Option also has an inbuilt benefit called “Payor Accelerator Benefit” wherein the benefit amount equal to 50% of the Effective SA is paid out as per the Payout Plan chosen on acceptance of first Terminal Illness (TI) claim of either first life or second life by us. Upon payment of the TI claim, all the future premiums (base benefit option and Life Stage or Top-Up SA, if opted) shall be waived off. In case of acceptance of TI of first life prior to the second life or simultaneous TI of both lives, the future premiums with respect to Education Secure option will also be waived off. Only 1 claim is admissible under “Payor Accelerator Benefit”.

The policy will continue to remain inforce for the remaining applicable benefits.

In case any or both the life assureds survive till maturity, no additional benefit is payable, and the policy terminates.

Option 4: Joint Life Secure Plus Option:

Under this option, the death benefit will be as per Option 3 above.

In case both the lives assured survive till maturity, an amount equal to the 100% of the Total Premiums Paid (excluding loading for modal premiums and discount) towards the benefit option, “Life Stage” or “Top-up SA”, if opted, shall be payable at the end of the Policy Term, provided the policy is not terminated earlier.

This plan has an inbuilt benefit called “Payor Accelerator Benefit” wherein the benefit amount equal to 50% of the applicable death benefit is paid out as per the Payout Plan chosen on acceptance of Terminal Illness (TI) claim by us. Upon payment of the TI claim, all the future premiums (base benefit option and cover enhancement options, if opted) shall be waived off and the policy will continue to remain inforce for the remaining applicable benefit(s).

In case the life assured survives till maturity, no additional benefit is payable, and the policy terminates.

"Terminal Illness" is defined as an advanced or rapidly progressing incurable and un-correctable medical condition which, in the opinion of two (2) independent Medical Practitioners[$] specializing in treatment of such illness, has greater than 50% chance of death of the Life Assured within 6 months of the date of diagnosis of Terminal Illness. The Company reserves the right for independent assessment of the Terminal Illness.

Payor Accelerator Benefit is not available in the PoS variant.

Premiums will vary depending on the option chosen.

4. Death Benefit

In case of death of the life assured for an in-force policy (all due premiums have been paid), the death benefit equals to Sum Assured on Death payable to the nominee is as outlined below:

Life Secure / Life Secure Plus options –

Highest of:

- 1.25 x Single Premium (excluding discount) or DB multiple[1] x Annualised Premium[2] (excluding discount);
- 105% of Total Premiums Paid (excluding loading for modal premiums and discount) up to date of death; or
- An absolute amount assured to be paid on death[3]

Upon payment of entire sum of the death benefit, the policy terminates and no further benefits are payable.

[1]DB multiple is 7 in case of Life Secure and 10 in case of Life Secure Plus

[2]in aggregate for Effective SA and all tranches of Additional Sum Assured

[3]The absolute amount assured to be paid on death is the Effective Sum Assured applicable (as defined earlier) as on the date of death.

Joint Life Secure / Joint Life Secure Plus options –

Highest of:

- 1.25 x Single Premium (excluding discount) or DB multiple[1] x Annualised Premium (excluding discount);
- 105% of Total Premiums Paid (excluding loading for modal premiums and discount) up to date of death; or
- An absolute amount assured to be paid on death[2]

[1]DB multiple is 7 in case of Joint Life Secure and 10 in case of Joint Life Secure Plus option

[2]The absolute amount assured to be paid on death is the Effective Sum Assured applicable (as defined earlier) as on the date of death.

"Effective Sum Assured" is the absolute amount of benefit payable on the death of the Life Assured under the Policy.

"Total Premiums Paid" means total of all the premium paid under the base product, excluding any extra premium and taxes, if collected explicitly.

"Annualised Premium" shall be the premium payable in a year under a non-single pay option chosen by the policyholder, excluding the taxes, rider premiums, underwriting extra premiums, loading for modal premiums, if any.

"Single Premium" shall be the premium payable under a single pay option chosen by the policyholder, excluding the taxes, rider premiums, underwriting extra premiums if any.

Common for all options –

At the time of purchase, the policyholder may stipulate that the nominee named in the policy receive a chosen portion (up to 100%) of the death benefit as lump sum and remaining as a staggered benefit stream over a pre-decided staggered period. The nominee also has an option to receive the commuted value of the future staggered benefit stream as a lumpsum. Refer to Dependent care Option below for further details.

In case of death of the life assured during the Grace Period but before the payment of the premium then due, the policy will still be valid and the benefits shall be paid after deductions of the said unpaid premium and also the balance premium(s), if any, falling due from the date of death and before the next policy anniversary.

In case of death after a valid claim under the Payor Accelerator Benefit, the death benefit as described under this Section would be reduced by the amount already paid under Payor Accelerator Benefit.

5. Maturity Benefit

Life Secure / Joint Life Secure Not applicable

Life Secure Plus option: An amount equal to the 100% of the Total Premiums Paid (excluding loading for modal premiums and discount) towards base benefit option and "Life Stage" or "Top-up SA", if opted and applicable, shall be payable at the end of the Policy Term, provided the life assured survives till maturity and the policy is not terminated earlier.

The Total Premiums Paid in the above formula shall be towards the base benefit option excluding loading for modal premiums and discount.

Joint Life Secure Plus option: An amount equal to the 100% of the Total Premiums Paid (excluding loading for modal premiums and discount) towards the base benefit option and "Life Stage" or "Top-up SA", if opted and applicable, shall be payable at the end of the Policy Term, provided both the life assureds survive till maturity and the policy is not terminated earlier.

6. Dependent Care

The policyholder will have the option to opt for lump sum, staggered benefit or a combination of a lump sum amount and staggered benefit, as at the time of purchase (referred as the "Payout Plan" henceforth).

If the payout plan chosen includes a staggered benefit, at the time of purchase of the policy, the policyholder would stipulate the benefit amount stream payable to the nominee after death of the life assured.The staggered benefit payment frequency can be Annual / Half Yearly / Quarterly / Monthly. The staggered benefit will be paid as per the frequency chosen for the "Benefit Period" (up to 30 years) selected, starting from the next monthly anniversary following the date of occurrence of insured event.

Any accrued staggered benefit, due before intimation of death, will be paid along with first payout under this option.

At any time during the staggered period, the nominee also has an option to receive the commuted value of the future staggered benefit stream as a lumpsum, discounted at the higher of (4% p.a., -10 year G-Sec + 1%).

Further, the policyholder shall also have an option to change the staggered benefit payment frequency during the policy term but before the date of occurrence of insured event. The income benefit for other modes shall be determined basis the conversion factors mentioned below:

Income Frequency	Conversion Factor
Annual	**Monthly Income multiply by 12.22**
Semi-Annual	**Monthly Income multiply by 6.05**
Quarterly	**Monthly Income multiply by 3.01**
Monthly	**Monthly Income multiply by 1**

7. Additional Benefits and Features

1. Cover Enhancement Options:

a. **Life Stage:** Under Life Stage option, the policyholder can increase the coverage amount on happening of any one of the following events, subject to the BAUP and the option to increase the SA is exercised within 180 days of the incidence of the following event(s):

Event	Additional Sum Assured as % of Effective SA
Marriage (One Marriage Only)	50%
Birth/Adoption of 1st Child	25%
Birth/Adoption of 2nd Child	25%
Home Loan disbursal* amount sanctioned	100%, subject to home loan

*Subject to underwriting

Once chosen, the option cannot be changed over the policy term, but the policyholder will always have a right to stop exercising the option in the future.

The Additional SA can only be taken in the form of (up to) 4 tranches as mentioned in the above table provided there has been no claim under Payor Accelerator Benefit. Additional premium will be charged for each tranche. The premium amount for the Effective SA remains unaltered. Any increase in the SA shall be effective from the policy anniversary succeeding the option exercise date.

The policyholder will have an option to surrender the additional sum assured tranches after payment of premiums for first five completed policy years. The tranches shall be terminated after payment of any applicable value on surrender. The tranches will be surrendered in reverse order to which they were availed, i.e. the latest tranche will be surrendered first, followed by the penultimate tranche, and so on. This shall be allowed till all incremental tranches are removed. Once reduced, the premium or sum assured cannot be subsequently increased.

The policy shall continue with the Effective Sum Assured as applicable at the time of termination for rest of the policy term.

b. **Top-Up SA:** Under Top-Up SA option, the policyholder can opt to increase the life cover by a fixed percentage at each policy anniversary by paying an additional premium for every increase, subject to satisfactory underwriting as per the Board approved underwriting policy of the Company (BAUP). The policyholder can opt to exercise the Top-SA option at the time of purchase of the policy, provided the premium payment term is at least 5 years.

The Sum Assured increase shall be by a fixed percentage ranging from 5% to 20% of the Effective SA chosen at inception every year till the earlier of:

- The maximum sum assured eligibility as per the Board-approved Underwriting Policy (BAUP) is breached
- The outstanding premium payment term becomes less than minimum specified under the product
- The outstanding policy term becomes less than the minimum allowed under the product
- The attained age becomes higher than maximum entry age allowed under the product
- Claim under Payor Accelerator Benefit.

This is subject to the Board approved underwriting policy (BAUP) of the Company.

Once chosen, the option cannot be changed over the policy term, but the policyholder will always have a right to stop exercising the option in the future.

For each tranche, the additional premium will be determined using additional SA and the premium rate which will be derived basis the following:

- Attained age as of the policy anniversary at the point of increase, subject to the maximum entry age stipulated in the product.
- Outstanding policy term (in complete months) as of the policy anniversary succeeding the option exercise date, subject to the minimum policy term stipulated in the product.
- Outstanding premium paying term (in complete

months) as of the policy anniversary succeeding the option exercise date, subject to a minimum premium paying term specified in the product.

- Aggregate sum assured (up to and including the increment in sum assured requested) opted for under the contract.
- Underwriting classification as applicable on the option exercise date.

The policyholder can opt to terminate the future increments at any time during the policy term and such termination will be effective from the next policy anniversary. Once the future increments are terminated, it is not possible to initiate the increments again over the remaining premium paying term of the policy.

In case the policyholder does opt to terminate the future increments, there will be an option to surrender the additional sum assured tranches (i.e. in multiples of 5% of Effective SA) after payment of premiums for first five completed policy years. The tranches shall be terminated after payment of any applicable value on surrender. The tranches will be surrendered in reverse order to which they were availed, i.e. the latest tranche will be surrendered first, followed by the penultimate tranche, and so on. This shall be allowed till all incremental tranches are removed. Once reduced, the premium or sum assured cannot be subsequently increased.

The policy shall continue with the Effective Sum Assured as applicable at the time of termination for rest of the policy term.

c. **Education Secure:** Under Education Secure, the policyholder has the option to take an additional life cover to provide for cost of higher education of up to 3 nominated children of the life assured on payment of additional premiums. This option can be chosen only if nominated child has 4 to 19 years of education left for completion of graduation degree under Variant 1 and 4 to 22 years left for post-graduation under Variant 2. Once chosen, the option cannot be changed over the policy term.

This benefit is available under all options, subject to the following conditions:

- Age at entry is up to 50 years and
- Policy term is at least 4 years

Under Joint Life Secure and Joint Life Secure Plus options, this benefit will be available only with respect to the first life.

The sum assured at inception under Education Secure option shall be equal to expected total cost of education of the nominated child. Every policy anniversary, the sum assured will reduce by the cost of education of previous years provided the cover has not been terminated. The

Sum Assured schedule is provided in Policy document.

Expected total cost of education is determined using present annual cost of education and the outstanding years left for completion of graduation or post-graduation of the nominated child/children.

Present annual cost of education (chosen by policyholder at inception) will be assumed to be growing at a rate of 10% or 15% or 20% (compounding) every year. The rate of growth needs to be chosen at inception and cannot be changed subsequently.

The term under the Education Support Benefit shall be determined as:

Current Grade of the Nominated Child	**Education Support Benefit Term(in yrs)**	
	Variant 1	Variant 2
Grade – III	14	17
Grade – IV	13	16
Grade – V	12	15
Grade – VI	11	14
Grade – VII	10	13
Grade – VIII	9	12
Grade – IX	8	11
Grade – X	7	10
Grade – XI	6	9
Grade – XII	5	8
Graduation Year 1	4	7
Graduation Year 2	NA	6
Graduation Year 3	NA	5
Graduation Year 4	NA	4

The sum assured under the Education Secure benefit shall be capped at 100% of the base plan sum assured.

No survival benefit or maturity benefit is payable under the Education Secure option.

In case the life assured survives till expiry of the term of the Education Secure option or till expiry of the base policy, no additional benefit is payable with respect to Education Secure option.

This option will not if the product is bought under PoS.

The policyholder can opt for more than 1 cover enhancement option. However, “Life Stage” and “Top-up SA” options cannot be chosen together under the same policy.

2. Renewability option at Maturity:

At maturity, the policyholder can choose to extend the term of their policy. This option can be exercised a maximum of five times and is subject to BAUP. Additional premium shall be payable for the extended term and this shall be based on the following:

- Attained age at the time of maturity
- The chosen increase in policy term

This option is available subject to following:

- Life Secure, Life Secure Plus option has been opted
- Premium payment term is Regular Pay
- This option is not available if any claim under the policy for respective life assured has already been made
- This option is not available if any benefit under the policy has already expired

3. Cover Continuation Option:

In case of first death of either of the life assureds during the policy term under Joint Life Secure and Joint Life Secure Plus, the surviving life may choose to continue his / her life cover by taking a Single Premium policy. The premium for the Single Premium policy shall be determined based on attained age, chosen sum assured and policy term. The Single Premium policy shall be chosen from Life Secure, Life Secure Plus. The Single Premium amount shall be deducted from the death benefit payable with respect to first death.

This option must be chosen at inception of the policy, however the surviving life assured has a choice to not exercise this option at later date.

4. Accidental Death Benefit:

Life Secure / Life Secure Plus: Not applicable

Joint Life Secure / Joint Life Secure Plus options:

In case of simultaneous death of both the first life and second life due to accident for an in-force policy (all due premiums have been paid), Effective SA in addition to the death benefit (defined above) shall be payable.

5. FlexiPay Benefit:

Under this feature, the policyholder is allowed to defer the due premium for a period of up to 12 months from the due date, while maintaining the full risk cover under the base plan and attached riders, if any. There is no additional premium applicable for this feature. In the event of a claim during this period, sum assured will be payable after deducting the unpaid premiums, if any, as on date of death or other insured event covered under base product and attached riders.

At the end of premium deferment period, the policyholder is required to pay the due premiums, including the premium applicable for the period of premium deferment, i.e. the base cover premium and additional premium (if any). During the Premium Deferment, the policy will remain in-force with the benefits applicable under Grace Period of the policy.

Please note the following conditions:

- The option is available to all premium paying terms (Regular, Limited) except Single pay
- The option can be exercised only after payment of 5 full years premium.
- Once the policyholder has availed Premium Holiday due to Pregnancy, a waiting period of 5 years shall apply to avail Flexi Pay Benefit.
- The Premium Deferment shall be available for multiple times with a gap of 5 policy years from the expiry date of previous Premium Deferment.
- No interest shall be levied on the premium due during the Premium Deferment period.
- Once the Premium Deferment is exercised, it shall continue for maximum of 12 consecutive policy months i.e. one Premium Deferment shall mean 1 annual premium, 2 half-yearly premiums, 4 quarterly premium or 12 monthly premiums, as the case may be.
- There should be a gap of at least 5 policy years between the Premium Deferment i.e. policyholder can opt for next - after completion of 5 years from the expiry of last exercised Premium Deferment.
- The policyholder needs to pay the total outstanding amount at the end of Premium Deferment period. For example, if the policyholder exercises Premium Deferment in the 5th policy year then at the end of Premium Deferment period, policyholder has to pay the due premium for previous year (5th year) along with the next due premium (6th year)
- If the premiums due are not paid within 30 days (15 days in case of monthly mode) of the commencement of the next Policy Year after expiry of the Premium Deferment, the Policy (including Rider(s), if any) shall lapse and no benefits shall be payable in the Policy or the Rider(s), if any) and company shall be entitled to recover the same from any amounts or benefits payable under the Policy or Rider(s).
- This option can be exercised from the next premium anniversary, independent of the policy anniversary. For example, for a monthly mode policy, a policyholder having paid 12 monthly premiums may choose not to pay the next 12 monthly premiums.
- If the policyholder exercises the Premium Deferment in the last 5 years of the policy, then the next Premium Deferment shall not be allowed. Further, the Premium Deferment shall not be available during the last year of the premium paying term.
- This option will only be applicable on the Base premium and rider premium, if any.
- Policyholder can surrender the policy anytime along with this option even during the Premium Deferment year.

- The policyholder needs to intimate 60 days before exercising Premium Deferment. If a premium is unpaid with no prior intimation, the policy at the end of the grace period shall be treated as per applicable clauses

6. Instant Payout on Claim Intimation:

In case of death of the Life Insured, post completion of waiting period of 3 Policy Year from the policy inception or Revival of the Policy and provided the Policy is in force, an accelerated instant death benefit of INR 3 Lacs from the Sum Assured will be paid within 1 working day from the claim registration date as a gesture to provide interim support. This payout shall be made only upon the Company being satisfied with respect to the validity and enforceability of the documents submitted along with the intimation of death claim.

The remaining SA shall be payable post the completion of the claim investigation. Further, in case of any discrepancy in the claim investigation where the death claim (including Instant Payout) is found to be not payable owning to any reason whatsoever, the company reserves the right to recover the already paid amount.

Eligibility criteria:

- This benefit can only be availed if the policy is in-force.
- This benefit is not payable in case of death during the first 3 policy years.
- Applicable only for policies with minimum Sum Assured of ₹ 1 Crore.
- On receipt of intimation of death, a payment of 3 Lac is payable as Insta Payment. The balance Death benefit shall be payable at the time of claim settlement.
- Documents required for claim intimation are Death Certificate, Cancelled Cheque / Bank account de-tails, Claim intimation form, KYC of nominee and Policy document.
- In case the Policy is during the FlexiPay benefit period, then in case of death of the Life Insured, we will deduct the due amounts from above accelerated death benefit of ₹ 3 Lacs
- On assessment of documents submitted during claim assessment, additional documents may be sought by the company
- In case of repudiation / rejection of claim, for any reason whatsoever the company reserves the right to recover the already paid amount. The Claimant is liable to pay such amount within 7 days of receipt of such communication of recovery.
- This feature accelerates the total claim amount. The acceleration of instant claim should not be construed/interpreted as acceptance of the claim.
- The Company's decision on the claim shall be final and binding on the Claimant. In case the Claimant fails to refund the said amount, appropriate actions may be initiated by the Company for recovery of the said amount.

7. Super Retirement Benefit

The policyholder at inception will have the option to opt for the Super Retirement Benefit feature. Under this feature, the Policyholder will have the option to receive 100% of the Total Premiums Paid (excluding discount) back from 30th policy year or attainment of age 70 years, whichever is earlier, but not during the last 10 policy years.

The following condition are applicable to avail this feature –

- Window starts from 30th policy year or attainment of age 70 years, whichever is earlier, but not during the last 10 policy years. Maximum eligible window period is 10 years.
- The feature is available to policyholders with age at entry <= 50 years.
- The option is only applicable for Life Secure and Joint Life Secure option
- No claim for any of the underlying benefits has been registered and is under evaluation/ or accepted/ or paid/ being paid on the Policy
- The policy is not in premium deferment period under flexi pay benefit.
- The option is not applicable for additional premium paid towards incremental SA opted basis optional benefit defined above i.e. Life Stage option, Top-up option, Education Secure option and renewability option at maturity.
- The Policy shall terminate on payment of this benefit (if exercised) and all rights, benefits and interests under this Policy will stand extinguished.

Further, if the policyholder decides to utilize 100% of the proceed of the Super Retirement Benefit (as mentioned above) to buy an annuity product from the company, such Super Retirement Benefit will be enhanced by an additional 5% of the Total Premiums Paid (excluding discount) over and above the Super Retirement Benefit subject to Company offering annuity product at the time of availing such benefit

8. Premium Holiday due to pregnancy

Under this feature, women Life Assured would have the option to defer the premium for a period of 12 months from due date during their pregnancy period. The Life Assured will continue to maintain the full risk cover under the base plan and attached riders, if any. There is no additional premium applicable for this feature. In the event of a claim during this period, sum assured will be payable after deducting the unpaid premiums, if any, as on date of death or other insured event covered under base product and attached riders.

At the end of such Premium Holiday period, the policyholder is required to pay the due premiums, including the premium applicable for the period of Premium Holiday, i.e. the base cover premium and additional premium (if any). During the Premium Holiday, the policy will remain in-force with the benefits applicable under Grace Period of the policy.

Please note the following conditions specific to Premium Holiday:

- The option is available to all premium paying terms (Regular, Limited) except Single pay
- The first time the option can be opted shall be after payment of 2 years premium
- The Premium Holiday shall be available for maximum 2 times during premium payment term with a gap of 2 policy years from the expiry date of previous Premium Holiday.
- No interest shall be levied on the premium due during the Premium Holiday period.
- Once the Premium Holiday is exercised, it shall continue for maximum of 12 consecutive policy months i.e. one Premium Holiday shall mean 1 annual premium, 2 half-yearly premiums, 4 quarterly premium or 12 monthly premiums, as the case may be.
- There should be a gap of at least 2 policy years between the Premium Holiday i.e. policyholder can opt for next - after completion of 2 years from the expiry of last exercised Premium Holliday.
- The policyholder needs to pay the total outstanding amount at the end of Premium Holiday period. For example, if the policyholder exercises Premium Holiday in the 5th policy year then at the end of Premium Holiday period, policyholder has to pay the due premium for previous year (5th year) along with the next due premium (6th year)
- If the premiums due are not paid within 30 days (15 days in case of monthly mode) of the commencement of the next Policy Year after expiry of the Premium Holiday, the Policy (including Rider(s), if any) shall lapse and no benefits shall be payable in the Policy or the Rider(s), if any) and company shall be entitled to recover the same from any amounts or benefits payable under the Policy or Rider(s).
- This option can be exercised from the next premium anniversary, independent of the policy anniversary. For example, for a monthly mode policy, a policyholder having paid 12 monthly premiums may choose not to pay the next 12 monthly premiums.
- If the policyholder exercises the Premium Holiday in the last 2 years of the policy, then the next Premium Holiday shall not be allowed. Further, the Premium Holiday shall not be available during the last year of the premium paying term.
- This option will only be applicable on the Base premium and rider premium, if any.
- Policyholder can surrender the policy anytime along with this option even during the Premium Holiday year.
- The policyholder needs to intimate 30 days before exercising Premium Holiday. If a premium is unpaid with no prior intimation, the policy at the end of the grace period shall be treated as per the terms and conditions.

Non-Forfeiture Benefit on Premium Discontinuance:

If any due premium for a non-single pay policy remains unpaid at the end of the grace period, the following is the treatment under various scenarios:

Premium Paying options		Life Coverage		Size of benefits/policy monies
		Before 2 years' premium paid	After 2 years' premium paid	
Life Secure	Regular Pay	Cover cease to exist	Cover cease to exist	No amount is payable
	Limited Pay	Cover cease to exist	Cover cease to exist	Unexpired Risk Premium Value is paid out on the earlier of the following events after which the policy terminates: • Policyholder surrenders voluntarily. • Death of the Life Assured • Expiry of Revival Period • Maturity
Joint Life Secure	Regular Pay	Cover cease to exist	Cover cease to exist	No amount is payable
	Limited Pay	Cover cease to exist	Cover cease to exist	Unexpired Risk Premium Value is paid out on the earlier of the following events after which the policy terminates: • Policyholder surrenders voluntarily. • First death of any of the Life Assureds or simultaneous death of both Life Assureds • Expiry of Revival Period • Maturity

Premium Paying options		Life Coverage		Size of benefits/policy monies
		Before 1 full years' premium paid	After 1 full years' premium paid	
Life Secure Plus	Regular or Limited Pay	Cover cease to exist	Cover continues with Reduced Paid-Up Effective Sum Assured	• Death Benefit as defined below is payable on death of the life assured. • Payor accelerator benefit is payable on confirmed diagnosis of terminal illness of the life assured. • Surrender Value / Unexpired Risk Premium as defined below is payable. • Maturity / Survival as defined above
Joint Life Secure Plus	Regular or Limited Pay	Cover cease to exist	Cover continues with Reduced Paid-Up Effective Sum Assured	• Death Benefit is payable on first death of any of the life assureds or simultaneous deaths of both life assureds. • Benefit as defined below is payable on simultaneous death of both life assureds due to accident • Payor Accelerator Benefit is payable on first confirmed diagnosis of Terminal Illness of any of the life assureds • Surrender Value as defined below is payable. • Maturity Value is payable at maturity on survival of both life assureds

Such discontinued policies can be revived within the period of 5 years from the due date of first unpaid premium by payment of all due premiums together with interest. Upon revival of the policy, all benefits shall be restored and be applicable with effect from the date of revival.

Under Life Secure Plus, Joint Life Secure Plus when a policy is converted to Reduced Paid-up on premium discontinuance after 1 full years' premium paid:

- The coverage will continue in reduced paid-up status till maturity unless the policy is revived earlier.
- The Death Benefit is re-set to the Reduced Paid-Up Effective Sum Assured (as computed below) and is payable on death.
- The Accidental Death Benefit is re-set to the Reduced Paid-Up Accidental Death Sum Assured (as computed below) and is payable on:
    - **Joint Life Secure Plus:** Simultaneous accidental death of lives assured
- In case of Terminal Illness claim, the amount payable under this benefit is:
    - **Life Secure Plus, Joint Life Secure Plus -** 50% * Reduced Paid-up Factor * Effective SA
- Any benefit paid for the Payor Accelerated Benefit shall be adjusted from the computation of remaining reduced paid-up applicable benefits. For these options, no survival benefits are payable under a paid-up policy during the policy term prior to maturity.
- On survival to maturity, the maturity benefit payable under this benefit is:

  Reduced Paid-up Sum Assured = Reduced Paid-up Factor * Effective SA

  Reduced Paid-Up Accidental Death Sum Assured = Reduced Paid-up Factor * Accidental Death SA

  Where, Reduced Paid-up Factor = Number of Premiums Paid / Number of Premiums Payable

Surrender Benefit:

The surrender benefit available under the product varies by the Option chosen. The policy will terminate upon payment of this benefit.

- Under **Life Secure, Joint Life Secure** (Post attaining the last Milestone Age) and Child Education Protect an Unexpired Risk Premium Value will be paid on surrender, which is as follows:
    - **Regular Pay:** Unexpired risk value will be zero.
    - **Limited Pay:** Unexpired Risk Premium Value is payable on surrender –
        - o Life Secure, Joint Life Secure – At least 2 full year premiums have been paid.

      The Unexpired Risk Premium Value Factor applicable at time of surrender given by the following formula:

      Unexpired Risk Premium = Unexpired Risk Premium Value Factor (URPVF) * Annualised Premium (excluding discount).
    - **Single Pay:** Unexpired Risk Premium Value will be equal to Unexpired Risk Premium Value Factor (URPVF) * Single Premium paid (excluding discount), A positive Unexpired Risk Premium Value is payable on surrender –
        - o Life Secure, Joint Life Secure - Any time after the premium is paid

      The Unexpired Risk Premium Value Factor applicable at time of surrender in all options is given by the following formula:

      URPVF = 75% * (Policy term less policy duration) / Policy Term.

      Such Unexpired Risk Premium Value for a policy is determined separately for the Effective Sum Assured and each tranche of Additional Sum Assured and all conditions are applicable for each tranche separately. The total Unexpired Risk Premium Value payable will be sum of such computed Unexpired Risk Premium Value for each tranche.
- Under **Life Secure Plus, Joint Life Secure Plus,** a policy shall acquire a Surrender Value on completion of one policy year, provided one full years' premium is paid for Limited/Regular Pay policies with PPT greater than equal to 5 years.. For Single Pay policies and for Limited/Regular Pay policies with PPT less than 5 years, the policy shall acquire a Surrender Value immediately after it is issued.

  The surrender value shall be equal to the higher of the Guaranteed Surrender Value (GSV) and the Special Surrender Value (SSV).

- **Guaranteed Surrender Value (GSV):**

The company guarantees a minimum non-negative surrender value which is equal to GSV factor x Total Premiums paid (excluding loading for modal premiums and discount) up to the date of surrender.

- **Special Surrender Value (SSV):**

Special Surrender Values (SSV) is defined as follows:

- **o Life Secure Plus, Joint Life Secure Plus -** Special Surrender Value (SSV) as determined by the Company from time-to-time basis changing economic scenario. The Company may revise SSV, based on the then prevailing market conditions. Any change in the methodology/formula for calculating the SSV shall be subject to IRDAI approval, The SSV will be subject to a floor of:
    - 95% of Total Premiums Paid (excluding loading for modal premiums and discount) if policy is surrendered between 21st to 24th policy year, provided all due premiums until date of surrender were paid.

- 100% of Total Premiums Paid (excluding loading for modal premiums and discount) if policy is surrendered post completion of 24th policy year, provided all due premiums until date of surrender were paid.

  *RPU Death Benefit for Surrender value purpose shall be discounted value of Lump Sum and staggered benefit as on the date of death discounted at 4.00% p.a.

Milestone benefit already paid out prior to the surrender shall be adjusted for the computation of the SSV.

Grace Period:

Grace Period is the time provided after the premium due date during which the policy is in force with the risk cover.

- Grace Period for monthly mode policies is 15 days.
- Grace Period for all other mode policies is 30 days.

Revival:

The policy may be revived within five years from the due date of first unpaid premium and before the date of maturity, subject to: (i) Policyholder's written application for revival; (ii) production of Insured's current health certificate and other evidence of insurability, satisfactory to the Company, (iii) payment of all overdue Premiums with interest. The revival is subject to Board Approved Underwriting Policy. Any revival shall only cover insured event which occurs after the revival date.

The applicable interest rate for revival is determined using the SBI domestic term deposit rate for '1 year to less than 2 years', plus 2%. The rate of interest on revival with effect from 1st October 2025 is 8.40% simple p.a. (i.e. SBI interest rate of 6.4% + 2%) plus applicable taxes. The interest rate applicable is reviewed every 6 months and any alteration in the formula will be subject to prior approval of IRDAI.

Free Look Period:

If the policyholder is not satisfied with the terms & conditions of the policy, the policyholder has the right to cancel the Policy by providing written notice to the Company and receive a refund of all premiums paid without interest after deducting a) Proportionate risk premium for the period on cover, b) Stamp duty and medical examination costs (including goods and services tax) which have been incurred for issuing the Policy.

Such notice must be signed by the policyholder and received directly by the Company within 30 days after the policyholder receives the Policy Document whether the policy is sourced electronically or otherwise.

The Proportionate risk premium will be determined as under:

Effective Sum Assured x (mortality rate) x (number of days for the period on cover /365)

Waiting Period:

This is applicable only if the product is bought under PoS.

- **Life Secure, Life Secure Plus:** If death of the Life Assured occurs during the first 90 days from the Date of commencement of risk, the company shall refund Total Premiums Paid and the policy will terminate with immediate effect.
- **Joint Life Secure, Joint Life Secure Plus:** If death of the either or both of the Life Assureds occur during the first 90 days from the Date of commencement of risk, the company shall refund Total Premiums Paid and the policy will terminate with immediate effect.
